CHIEFTAIN '59

Ex Libris

_____

_____

The Chieftain

Published by
THE SENIOR CLASS of 1959
VALLEY VIEW HIGH SCHOOL
Kamay, Texas

Foreword

We, the Annual Staff, are proud to present to you our 1959 CHIEFTAIN. This book has caught glimpses here and there, so in years to come the activities of this year at Valley View High will not be dimmed and will not fade from memory.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '59, we shall be content, knowing that we have done the thing we were called upon to do.

Your future is bright...ELECTRICALLY!

Your air conditioner, TV set and other appliances are just the beginning of a new electrical age.

Before long, your food will cook in seconds instead of hours. Electricity will close your windows at the first drop of rain. Lamps will cut on and off automatically to fit the lighting needs of your rooms. Television "screens" will hang on walls. An electric heat pump will use outside air to cool your home in summer, heat it in winter.

And there will be plenty of electricity to operate these electrical wonders of tomorrow. Business-managed electric companies, like Texas Electric Service Company, are constantly planning and building ahead to keep your electric service plentiful and dependable...ready when needed for progress and for better living!
